There is nothing more important than your health, and Life Line Screening is a simple, convenient way for you to get preventive health screenings and learn your risk for stroke, heart disease and other chronic conditions.

These painless screenings go beyond your regular checkup to identify dangerous plaque buildup or blockage, a major risk factor for stroke and heart disease. The screenings are accurate, affordable and will give you valuable information about your health that you can share with your doctor.

The screening are approximately \$145, which is far less than what you pay through your doctor. Life Line saved the lives of two of our members in the past, so we believe in them and encourage you to make the appointment as it could make a difference in yours as well.

Life Line Screening will be returning to the church on Thursday, October 1, 2026. If you would like more information on their tests, go to <https://www.llsa.social/habc>, and to make an appointment, call 888-814-0466.
